Good job on the tent, Sayuri.
Thanks, Senpai

Today, I joined Yoriko-senpai for a camping trip in the mountains.

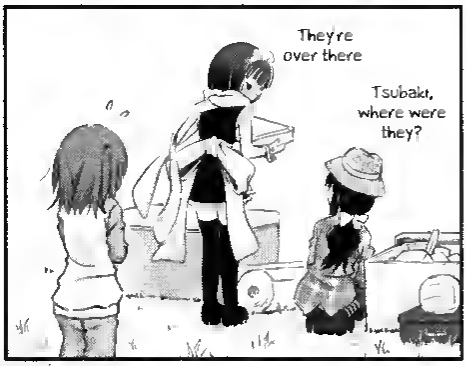
Thunk Thunk
トン トン



They're over there
Tsubaki, where were they?

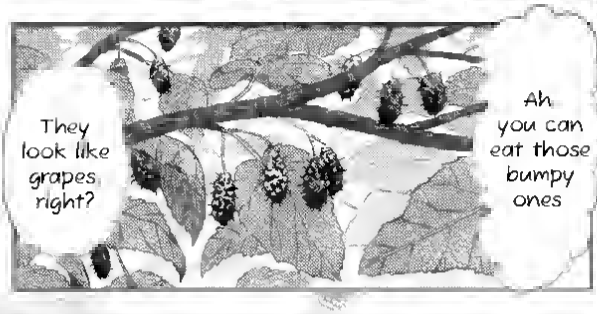
Next, we'll make a fire
A fire

Umm, what should I do?
I'm new to camping...
Well...

we'll start with a competition of who can start a fire first
Shk Shk
I didn't think a girls-only camping trip could be so orthodox

Up here, there are a lot of edible fruits and berries, Sayuri
Wow

「They're mulberries, right?



They look like grapes, right?
Ah, you can eat those bumpy ones

Look,
Your tongue will turn red
Bleeh
Senpai, everywhere around your mouth is red!

Wah, they're sweet
Fufufu... Right? The darker ones are the sweetest

And, Sayuri
After eating these berries
munch

Sayuri, if we don't catch a single fish, dinner will be only berries and wild veggies
Y-Yes! I'll do my best!
『That looks painful』
First, you need to find a fish Ah, maybe that one by the rock
Eh, where is it?
Don't worry I'll teach you all the details
But... I've never fished before I don't think I can do it
Target in sight we inch close with the pole
スススWhish
And just like that you fish it out of the water
ピチピチFlap Flap
Is this really how people fish?
Eey!
ぱしゃSplash
ピューンFlail

『It's not dying down at all』
Nice, let's do that
Say, I brought fireworks, let's light some
ぱしゃ squeak
ぱしゃ squeak
Sunpai looks more beautiful than ever...
In the light of the fire-works
pang pang
Wahわ——
I'm lighting a hundred sparklers at once, and the fire is amazing
ジジジ Fzzz
ジジジ Fzz
Wow, it looks like you're doing magic
Hey, come see this, Sayuri
What's up?
pang pang

So many stars!
They're so different in the mountains
And that's the Milky Way.
That's the summer triangle, right?
『It's important, too, but...
Please let me be together with Senpai forever
Please let me be together with Senpai forever
Please let me be together with Senpai forever
I said it!
Sparkle
A falling star?!
That we may not be attacked by bears this camping trip.
That's not romantic at all.
Haa Haa...
S-Senpai, did you make a wish three times, too?
Yes, I did

『 I didn't get any sleep... 』
Tsubaki-san good night
We'll get up early tomorrow so let's go to sleep.
Yawn
Yes.
Ah, it's warm tonight, so I don't really need—
Don't be daft, Sayuri, mornings are cold in the mountains.
Oh? Did we only bring one sleeping bag?
Eeh?!
Let's get in together
Badum
ドキン
I can't sleep like this
Awawa, a lucky romantic moment, but—
ドクン
One hour later
I-I can't breathe...

Sayuri, it's morning.
Poke Poke
Hmm?
『And it's a grumpy one』
G-Good morning, Yoriko-sempai.
Morning, Sayuri. Sleep well?
Chirp Chirp
Y-Yes.
Morning, Tsubaki
Fwip
Good morning
thump thump
rummage
It sounds like Tsubaki already started, too.
Guess I'll help prepare breakfast.
Ah, you're right
S-Sayuri, it's a bear! Pre-Pretend to be alive!
Senpai! Calm down!

Are you injured?
Sorry for breaking my guard, I was shooting a pheasant
N-No, we're fine. You saved us.
ズ
KO

『When will I win?』

Yoriko-senpai... I-I was so scared...
shiver
ブルブル
sob
ガクガク
Sayuri... are you okay? Can you stand?

I can't control my emotions
THUMP
ドッ
Panic and romance combining, my heart might leap out of my chest.

Don't worry...
Everything is okay now...

seeing Senpai smile so much, today was a good day.
Incredibly, I lost to bear stew, but...

Yes, I also love
bear stew.

Senpai...
I-I love-...
